

Thursday September 25th

7pm

Knights of Columbus (2660 East Main St)

Market Street Renovation Meeting

Beginning in the Spring of 2015 Market Street and East Main Street (from Market to Gold Star Way) will be renovated, Central Hudson gas mains, water mains, sewer lines, sidewalks, curbs and road.

The project is approximately 3,500 feet of roadway. There has already been a great deal of planning.

The Village with its Village Engineers would like to hold an open meeting for residents and business owners of Market and East Main to discuss the project and the possible impacts that it will have on residents and businesses.
